EAST STREET

Sincerely

1920s?

Thank you

encouragement to *SURREY HISTORY*

by the 1920s - and I am very indebted to Roger (and to Alison Thomas at Kodak) for their keeping the kind of standard of reproduction and the quality offered

I would be very grateful indeed if you could offer me any advice as to how to move forward

Some of the work I do is visual

manage - 'photograph being my main carrier' etc - but is any new combination really possible?

use the present combination to reproduce as faithfully as possible of drawings and prints that I can describe in words) and at the same time to upgrade an 'old' C4 - or move towards a new computer

If I may, I wanted to know how possible it really is to keep hold of the 1920s+ (with whom I am

software' raises serious difficulties in maintaining the existing scanner

1920s+ can only function via the old, and that any new replacement for it however new the

The C4 is showing signs of wear - and I'm planning hard to renovate and upgrade it - knowing that the
